## Automatic Snowmelting & Fl. Heat. Activating a 4-way Mixing Valve July 7, 2008 - ELECT 2.1

## **Application:**

Automatic Snow melt controller c/w slab or snow/ice & moisture sensor activating a 4-way mixing valve motor, plus automatic floor heating.

(High mass boiler c/w heat exchanger plus primary and system pumps)

## Note:

- Drawings are for HeatLink® <u>suggested</u> electrical schematics only! User must determine if electrical schematic will work
  for their particular application. User must also confirm all HeatLink® schematics with manufacturer schematics of each
  particular control chosen.
- În all cases manufacturer equipment schematics will take precedence over HeatLink® electrical schematics.
- · All wiring as per applicable electrical codes!
