

Loop Layout

1. Applicable Rates

- (a) The fee schedule listed below will be followed as of July 1, 2007. The total billable sum is the greater of (i) or (ii):
 - (i) \$165.
 - (ii) \$12 per non-repetitive loop in the presence of electronic AutoCAD plan(s) provided at the time when a loop layout is ordered.
- (b) For any dry-below installation, a loop layout is produced only if info on joist spacing, pattern and orientation is clearly given in advance. In the absence of any of these joist related data, the following services will be provided if so requested:
 - (i) manifold location and its associated info tag will be drawn.

2. Revisions & Changes

- (a) Changes completed in less than 30 minutes are free of charge.
- (b) Changes that are completed in more than 30 minutes will be charged according to the fee schedule in 1. (a).

3. Deliverables

- (a) Loop layout in PDF format is provided. DWG format is available upon request.
- (b) Paper plots are not included.
